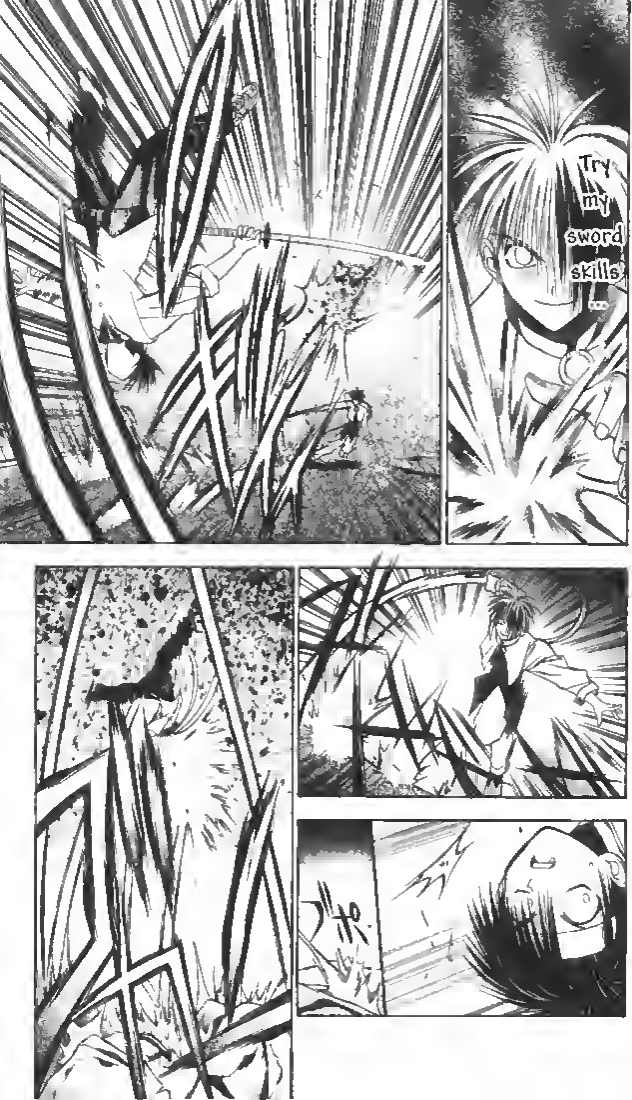
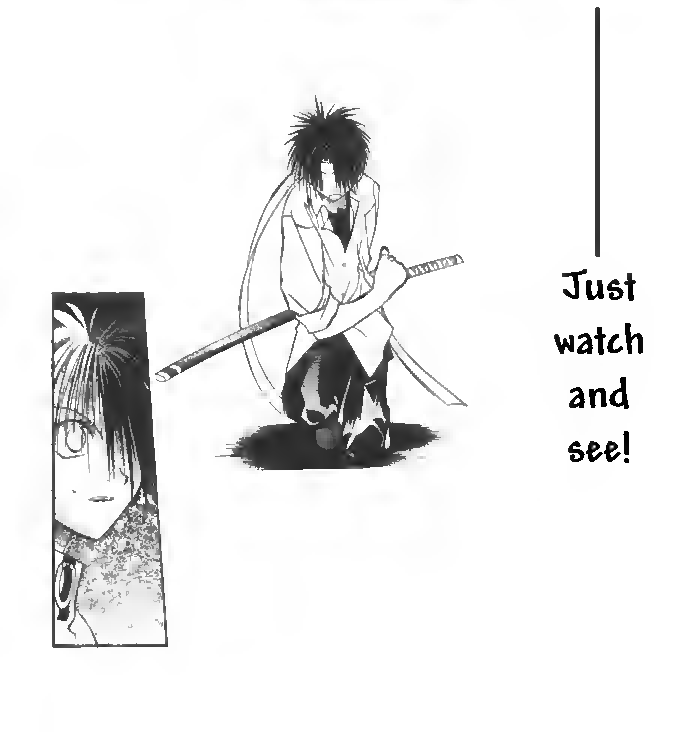
Ugh!
This guy...



Try my sword skills
...
Ah.

There are thousands of things in this world but only water can have that many properties.
the biggest difference between us is that I can manipulate water anyway I want to but you don't know anything at all
You are truly strong ...
Having these wounds doesn't mean a thing to me!
Hmm ...
Thanks for your useless explanations.
Your water is nothing!
but I don't want to hear your blabbering anymore!

Will I be able to continue investigating!
Only if I beat him ...



Just watch and see!

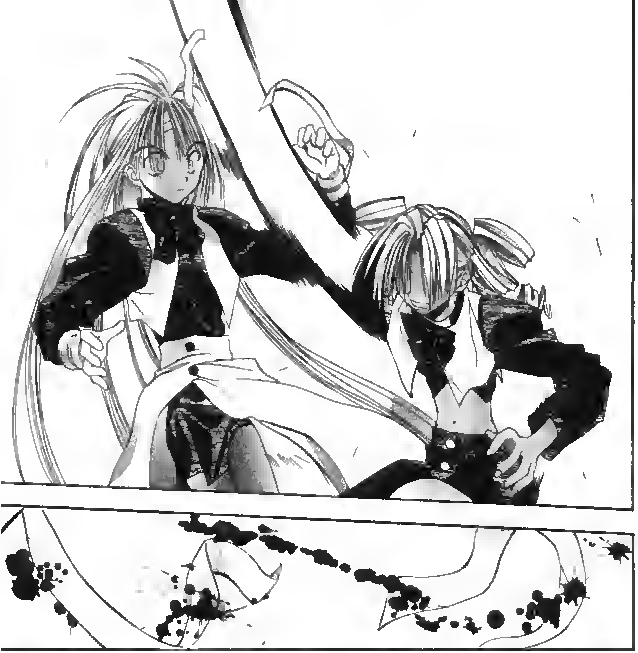
Open!
ASAGI-RYUU
[VIOLENT WIND]
!!!

Violent wind? I know, it's just like at the entrance of the Underground using gravity's old sword skill!
Hehaha
But the edge of a sword is useless against a water wall that's one hundred tons
!!

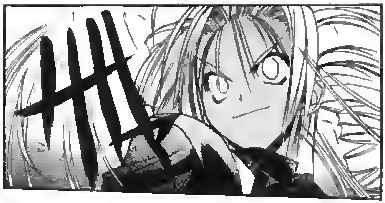
[VIOLENT WIND]
!!!
Second
wave...

Ice Claw!
These hands filled with cold air can cut anything.
of all the ice users, only a few can use this technique
She is a totally different person from when she first entered the Company..

AYE
!!



Break
!!



She...

In that split second ...
What happened?

be able to extend
When fighting me, her hands seem to

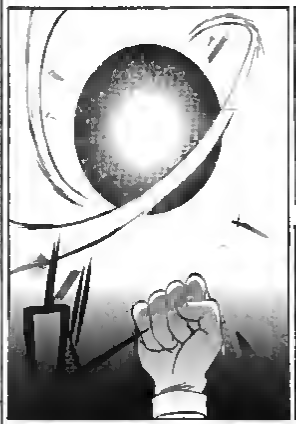
AYE!!
Stop being so naive!

You can't touch me
How could
How could this be?
Why can't I read her move-ments
!?

Why is the floor so slippery?
Ouch!
Frost?
So that's how it is...
Rorec, it's over!

One, two!

The ice bits that the Ice Claw creates reflects light and makes the eye see illusions,
making me unable to read your movements.
You will lose for sure now!



Ah! The frost...

She found out?

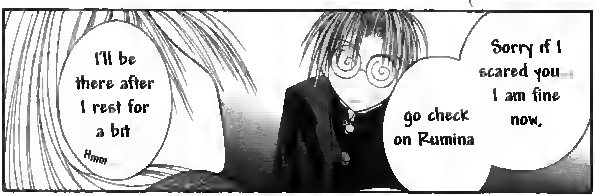
What!
Using gravity waves upwards?
Damn!

You are going too far!
Seeing through my [frost cage] is enough but to use gravity waves upwards?
You are right...
But unlike you, only knowing how to brag!

Mirror ?
That's right!
!?

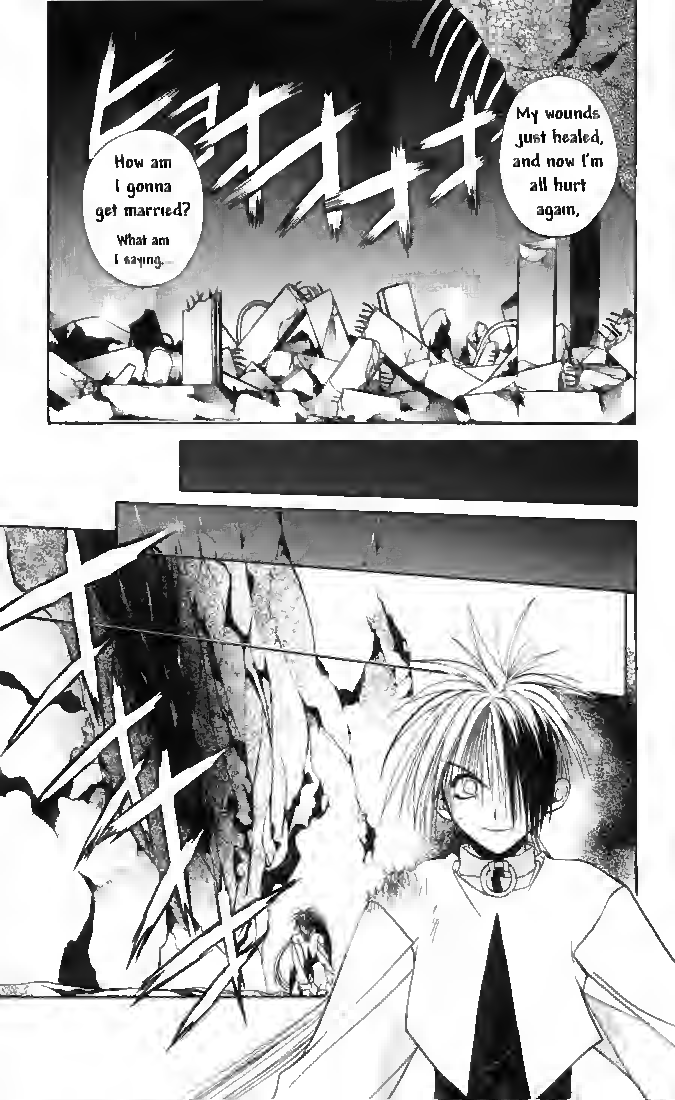
Using gravity waves to turn the frost into a mirror
Haa...
Now you know how strong I am!
Phew...
I finally climbed up
カラ...

Hello!
Megane-kun
You didn't die?
My name is Iwazu Gunosuke
Chel... Chelsea ?
Da
!!!



I'll be there after I rest for a bit
Hmm
go check on Rumina
Sorry if I scared you I am fine now.

Hehe ...
OK.



How am I gonna get married?
What am I saying.
My wounds just healed, and now I'm all hurt again.

Heh... never thought that he would make a second wave
He's gone!
Where is he?
!?

Owahh!
But just this ...
Looks like he used the recoil of the wind,
Above me!

Woah
There's wind
gathered around him !!

Chapter 19
WIND!LAUNCH!

This...
This is...

The ability of WIND!
ﾌﾌﾝ

Now I finally understand ...

you must understand wind,
to give yourself to the wind
To use wind freely.

To feel the wind!
Troubling... Don't you have any concentration?
Just try your best to experience it.
Wind is...

Putting your whole heart...
So fast...

Into the wind!
!?
Impossible!
Even one hundred tons of suppressed water...

got cut through by the wind?
Is this a joke?
This...
I'm the highest ranked Super, that means I have the most strength!
It's impossible for me to lose to you!

Shining Water Wing!!!
!
You are too naive!

!!
He's gone?
It will be impossible for his wind wall to block fast-traveling water needles which even the eyes can't see!

It's will be impossible for his wind wall to block fast tarveling water needles which even the eyes can't see!
Water Explosion Kill!!!

Do you see how wrong I am...
What?
He closed his eyes to block the water needles.
!!
The way sui-baku-sao water needles travels are unpredictable even though he can block it with his sword, he won't be able to tell how many there are.
This guy...

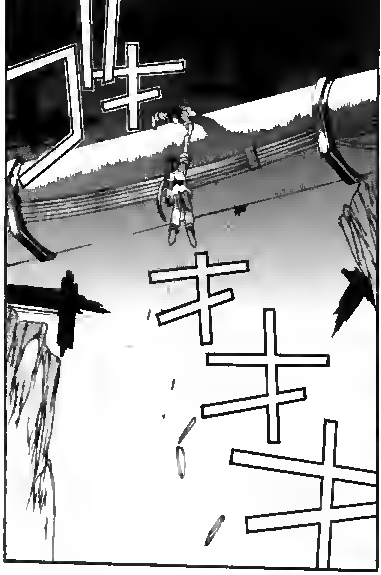
can read the wind?
then he is the strongest in the Super . no, in the whole Company!
If he really has these skills...
Did he see the weak air waves that the water needles make when they travel and will he try to dodge them?

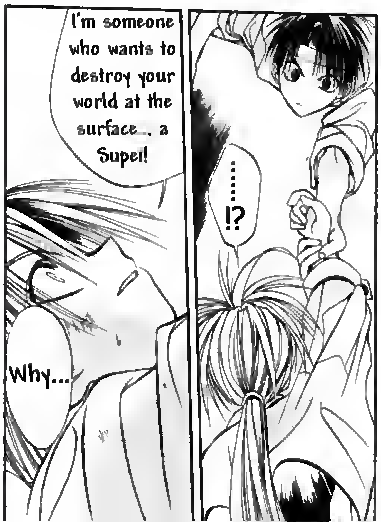
Owah!

Did I really lose...?
Keh ugh ...

It's over...!
That's what you want to say right!
uh...
If you really think that way...
then you are too naive!
Right now even if you aren't dead you are close to it...

He's not hurt at all?
!!!
ヨロ..
Is that possible?
I don't believe it!

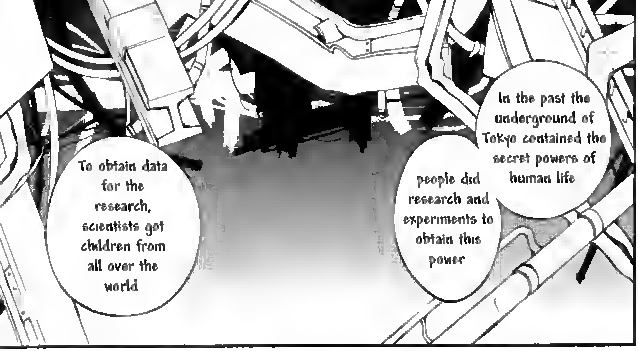




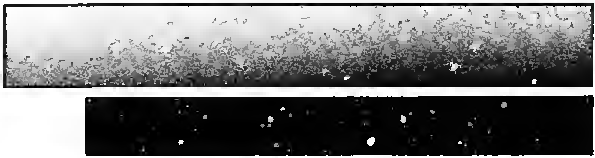
I'm someone who wants to destroy your world at the surface..., a Supe!!
.....!?
Why...

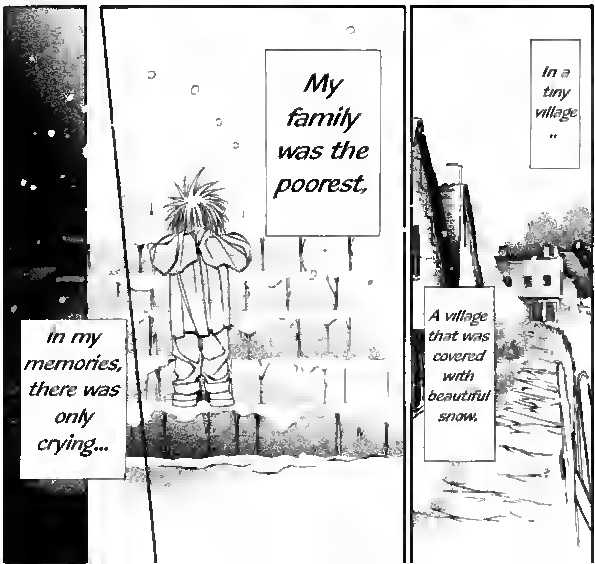
He is the one who kidnapped Ruri..
and the bastard who made her cry..
I don't know either.
geh...
Right now we are not enemies!

Hehe..
Haha...
If I don't save you, I won't feel right.
What are you laughing at?
Heh... even I'm puzzled
I bet you will keep on living like this in the future!
you are a very happy guy
Haha... trouble-some,
I'll tell you why people from the Company hate the surface people so much ...



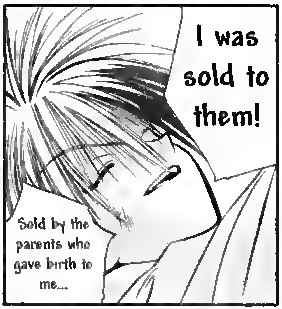
To obtain data for the research, scientists got children from all over the world
people did research and experiments to obtain this power
In the past the underground of Tokyo contained the secret powers of human life





In my memories, there was only crying...
My family was the poorest,
A village that was covered with beautiful snow.
In a tiny village, ..

These people came to this village...



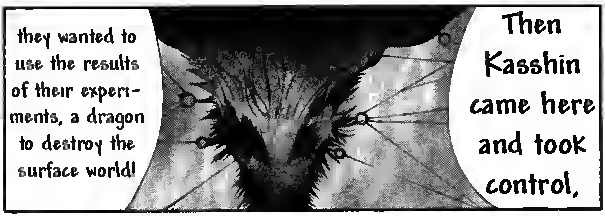
I was sold to them!
Sold by the parents who gave birth to me...

You still don't understand?

We were locked in this confined space,
after they found out how terrifying that power actually was they sealed the entrance and disappeared.

Chelsea, Seki, and all the rest of the underground people were all aquired like that.
Our right to live as normal people was taken from us!

We became homeless people...



they wanted to use the results of their experiments, a dragon to destroy the surface world!
Then Kasshin came here and took control,

But...
Kasshin?
Everything started like this

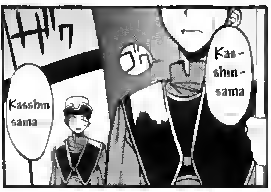
And just then, you appeared suddenly..
As time went on, I slowly forgot my purpose..
No matter who the enemy is,
I will forget all sadness as long as I get to fight them.
I don't even mind these tiny wounds.
I feel very happy.
But don't get me wrong...
I won't die like this,
Because I won't give up!

Hey Rumina!!
はっ
……

ズ!!

ゴオオオオオ

キキキキ



Kaoshin-sama
Kaoshin-sama

The time to destroy the surface people is finally here.
the dirty surface...

will be destroyed and then reborn!!

Chapter 20
Rorec Fan Club!!

Rumina !!
Hey Gino-suke!
Even defeated that powerful water element user!
Wow.. When did you learn to control wind this well?
Heh...

My natural born Talent!!!
This is the result ...
Of my training above ground, a little effort...
And the most important part is ...
Will he But be ... alright?
He just fell like that..
Don't worry !
That guy won't die like that...
Are you sure ...
WAIT!!

Did you guys forget about me?!!
Stupid glasses boy...
I can't move, but I have already trashed my opponent...
You really can't walk at all?

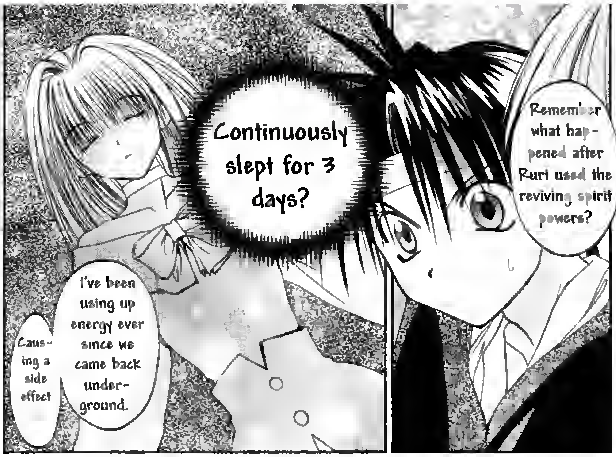
So useless, I should have finished them for you...
What kind of attitude is that? I was covered with injuries when we left the village!
Oh well...
Wait ...

How can you...
I'm just a weak student
Not even able to carry a girl?
Are you really a man?
Hey, please ...
I fought endlessly till now, I'm almost completely exhausted!
You have a lot of stamina, don't you?
Carry me if you want to!

Really...
What?
Nothing... I mean no harm
Just have some doubts about your words... hehe
くすっ
……
ドヒュッ

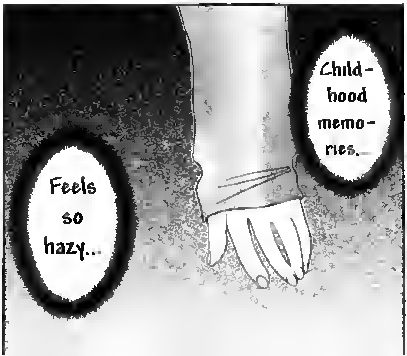
What kind of joke is that?
I am having head-aches!
Stop It...
Hey, didn't you always dream of holding a girl's hand when you were in middle school?
Shut up!
Who would want to hold this Female Beast...
.....
!?

Hey, hey!
What's with you now?
Are the wounds hurting badly?!
Sleepy...!
What? I'm tired too!
That's not it...



Continuously slept for 3 days?
Remember what happened after Ruri used the reviving spirit powers?
I've been using up energy ever since we came back underground.
Causing a side effect

Wide shoulders?
Oh yeah... just like in the past



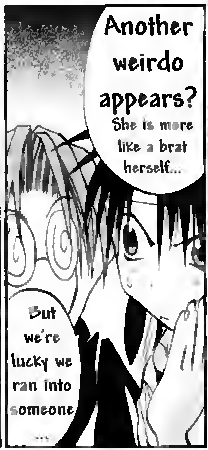
Childhood memories...
Feels so hazy...

Falling asleep after wasting too much energy...
Not just because of that... this feeling is so familiar ...

We are so far away from the village and we have no idea how far away from the Company...
WAIT! What should we do if you fall asleep?!
And we have no clue when you are going to wake up... What are we going to do now...
HEY!! The two in the front!!

What are you people doing here?

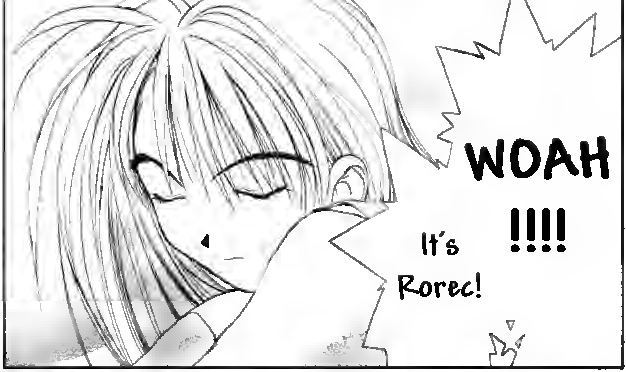
Any-way ...
I would like to ask you one question.



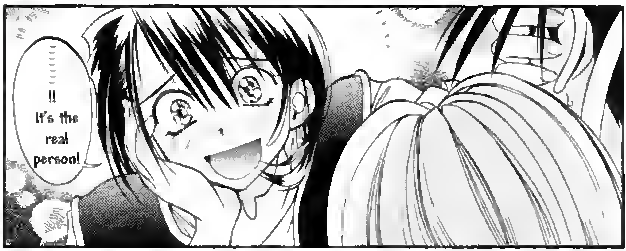
Another weirdo appears?
She is more like a brat herself...
But we're lucky we ran into someone ...

We used our spare time to come to the boundaries and end up running into these two brats...
Brats?

We are looking for a person...
Eh... Emily?
That... that person's ba... back...
I think it's...
Eh?
That... that person ...
Sen pai...



WOAH !!!!
It's Rorec!

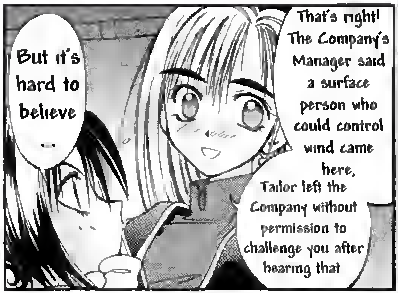


!! It's the real person!

What? You still don't understand after seeing her? No way!
What the..?
Excuse me...
What are you girls talking about? I'm lost...

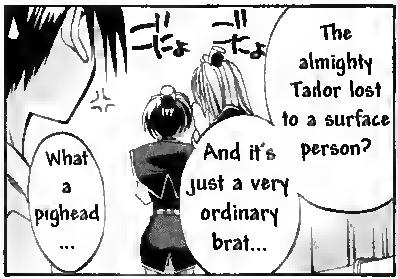
Member 3, Jilherts Micheat
We are....
The famous ...
Member 2, Emily Ronolf
The Company's guards as well as the Rorec Fans!
The ones hailed by all...
You are...
Company ?! What...
Rorec Fan club?

From the surface!?
Don't worry, I ain't going to eat you...
Just curious about you.
So that's what happened ...
I see...
I see ...



That's right! The Company's Manager said a surface person who could control wind came here. Tailor left the Company without permission to challenge you after hearing that
But it's hard to believe ...

You are the leg-endary surface people that have come to the underground with Rorec
The leg-endary people?



The almighty Tailor lost to a surface person?
And it's just a very ordinary brat...
What a pighead ...

Ah... Not you people.
Then the person you are looking for is...

People from the fanclub came out to perform a search right after Taylor left without permission.
But she does things without thought, so she definitely couldn't forgive...
Her own idol betraying the Company... Without a doubt.
キラ
キラ
No matter what, I believe in Rorec.
Fan girl ...
Change of plan!
She has dark skin and hair like this.
That's Curly Hair.
She was defeated by Chelsea ...

Let's stop looking for that idiot Sharuma and help Rorec to look in town for a place for her to rest.
AGREED!
Just a minute!

I'm going to save Ruri with her.
so I am very sorry...
I can't hand her over to you two.
Joining ...
us?
If that's the case,
we want to be a part of it!

It's a great chance, if successful we might find the Company!
Surface people with the "ability" are rare! I'm curious.
Because ...
OK, it's a deal!

Huff
screech
What do you know?!
You're not even good enough to be an impe! Quit fooling around
WAAAH... are you mad?
SLAM!
Oh yeah? I've always thought Impe...
were much stronger than guards like you who only stand around.
Hiya, Lychin!
I am in charge of guarding the Priestess!
How many times do I have to tell you? My name is Lychi!

ギュ
ピース

That's great!
Rumina ...
is alright.
...
That wind element user,
what is he to you?
Big sister ...

I don't know,
but he is very important,
humorouous,
gentle,
and very serious.
If possible...
I'd want to meet him right now...
Sorry...

I can't do that.
Because I am ...
The Company's personnel
Sorry, I didn't mean to say that...
It's alright I don't mind.
Hey...
Do you also have such...
an important person?
Nope,
I have been alone ever since I worked in the Company as a child, performing my job from time to time.
Then ...

From today onwards, let me be your sister.
Not as a priest-ess,
but purely as a sister...

Chelsea said the same thing to me!
I was just like you in the past,
ヒロ
That voice ...
I've got nothing to lose!

It's about time!
Well ...
Pai Ron?
!?

To break the seal, and revive the dragon...
That's right,
We just need to sacrifice the Priestess's life!

Chapter 21

Escape!

All that is left to do is to sacrifice the Priest-ess!
What?!

No way!
The company...
No way...
No...
This isn't real!
Why...

Why am I in such pain?
I work for the Company!
Run's affairs have nothing to do with me!
But... why am I feeling so terrible...

You again ...

A!!
!

Sorry.
Ciel, what was that sound?
ゴッ
This guy ...
I knocked him out.
What?
Sis, follow me.

I will take you out of here.
Hurry up!

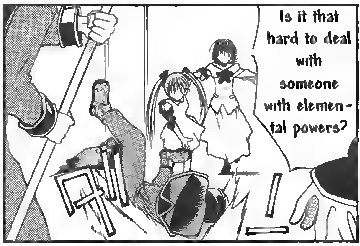
We didn't come for research
Oh my God... There are streets under-ground!!
HOTEL
I suppose so...

HOTEL
Hey, Emily, haven't seen you for a while!
How come you're wearing the Company's uniform here?
Yup!
Since you are here, have a good rest!
Sorry to disturb you.
That's alright, you are protecting the Underground!
Protecting the Underground?
That's right!

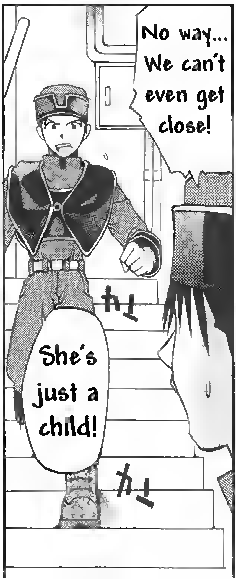
The organi-
zation which
was set up to
maintain the
Underground's
peacefulness.
That's the
Company!
Beep!

Come out quickly!
Grrr... woof...

LIGHTING FORMATION III
Hurry up!! Sis!!
OK...



Is it that hard to deal with someone with elemental powers?



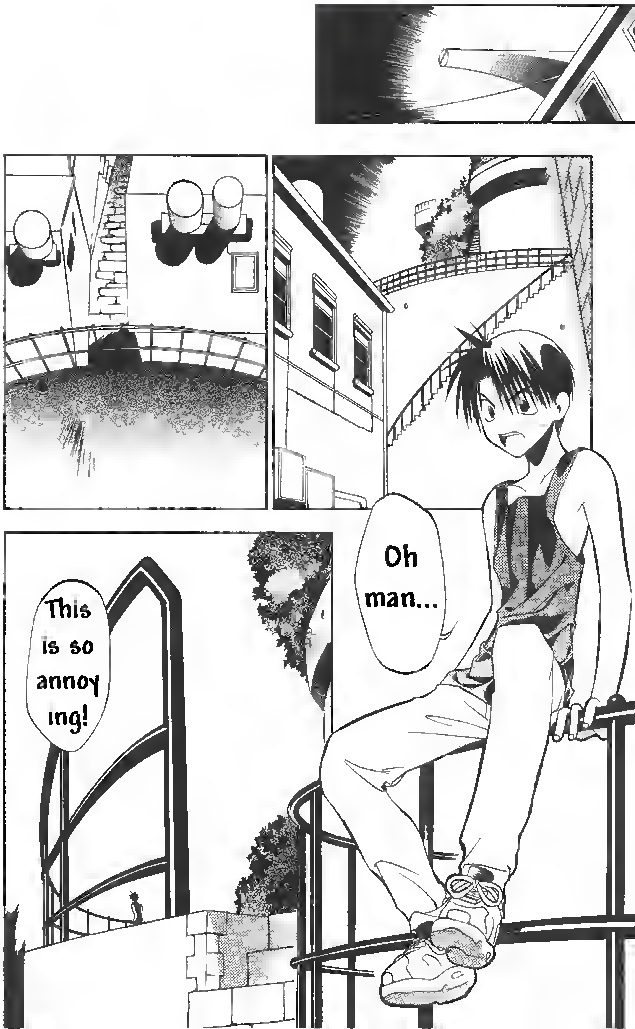
No way... We can't even get close!
She's just a child!

Are you alright?
Huff
Puff

I am OK!
Sir!
If the officers stay put that is...
Beep
We can get out!

It's a disaster, Seki!
They are currently fighting with the guards on the 18th floor!
Ciel Messaih who guards the Priestess of Life, has helped her escape!
Yes sir, the Priestess of Life is within his jurisdiction.
Does he know about it?
Eh?
Ciel?
18th floor
....
Inside the cargo lifts...?

Yes, Sir.
You guys, quickly get someone to take care of the injured

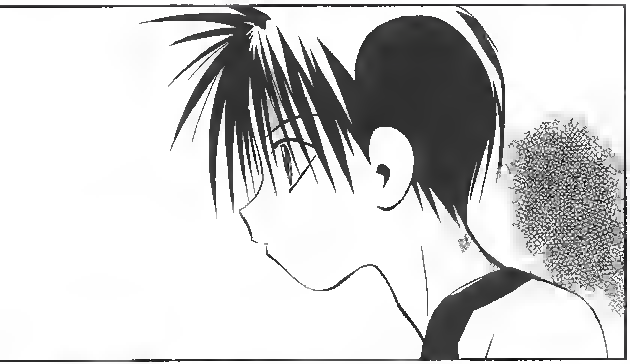


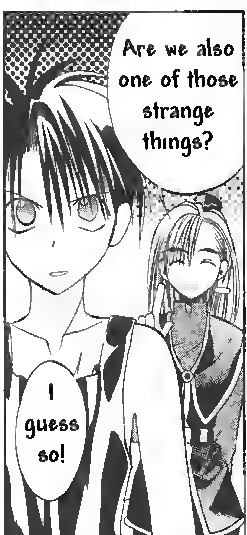
Oh man...
This is so annoy ing!

That girl is a busybody... totally different from the blonde one...
Your clothes are totally ruined,
I've got a friend who is an excellent tailor
And your wounds need to be sterilized!
Who cares if my clothes are ripped...

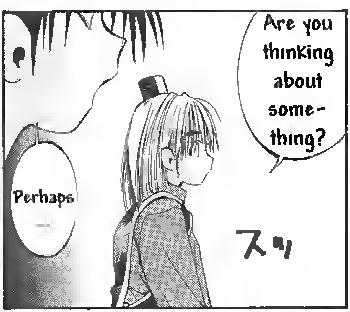
What is going on...

The Company's motive is to take revenge on the surface people
The Company was established to protect the Underground's peacefulness
Rumina...

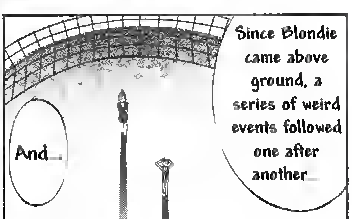




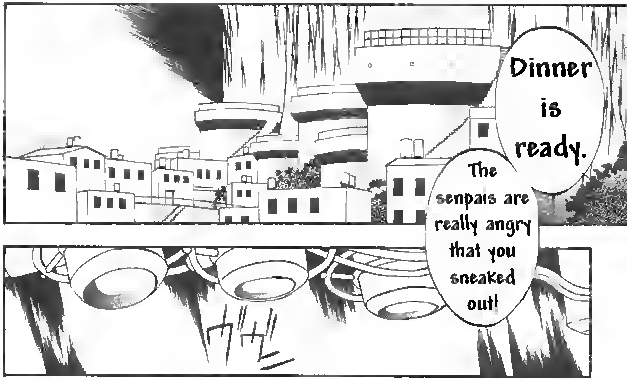
Are we also one of those strange things?
I guess so!



Are you thinking about something?
Perhaps...
スッ

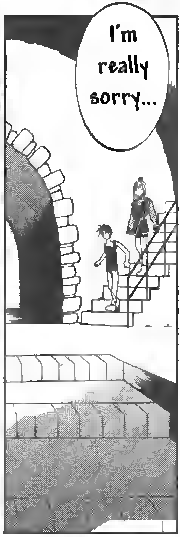


Since Blondie came above ground, a series of weird events followed one after another...
And...



Dinner is ready.
The senpais are really angry that you sneaked out!

ガガ



I'm really sorry...

The sky is getting darker?
What's wrong?

This is also the Company's deed.
Oh... you noticed it?
Isn't it impressive!
To create the same "evening" like above on the surface

You are pretty smart!

But still too naive.
When was the Priest-ess allowed to move about...?

Tell me now...
The reason that you took the Priest-ess out.

Not to worry.
First, you stay back.
Forget it, Ciel.
WOAH !!!!

Looks like you are quite the responsible bodyguard!

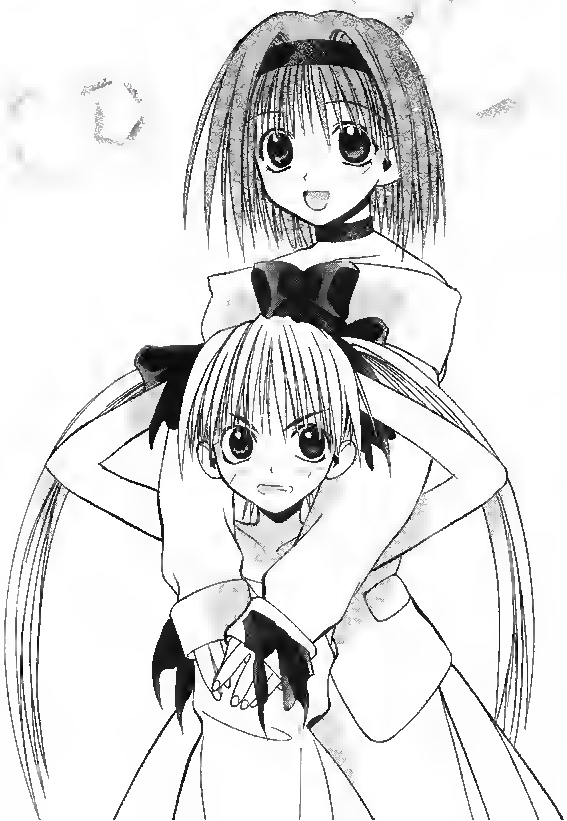
Chapter 22:
Ruri and Ciel



Wah!

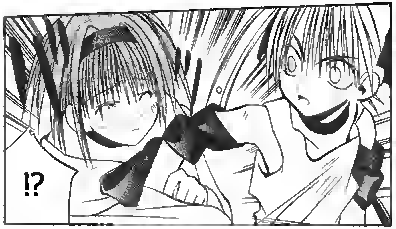
Very good,
of the super's, you are one of the best.
But... You seem to be too confident in your own powers!
Priestess?

If I fight with her,
then another person would lose their life for yours.
Think,
after you left the company the things that have happened

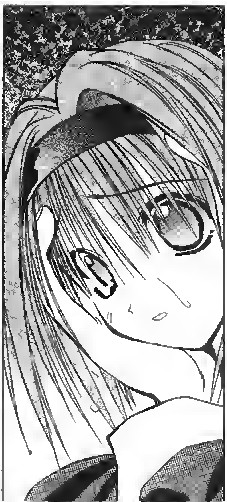
Don't have to hurt anyone anymore, or hurt the surface people.
don't you know that the whole world is your responsibility?
The tasty food and warm bed,
you could be inside a warm and bright room, living a free life.
.....!!

Even if you are a puppet, you should still think about other people.

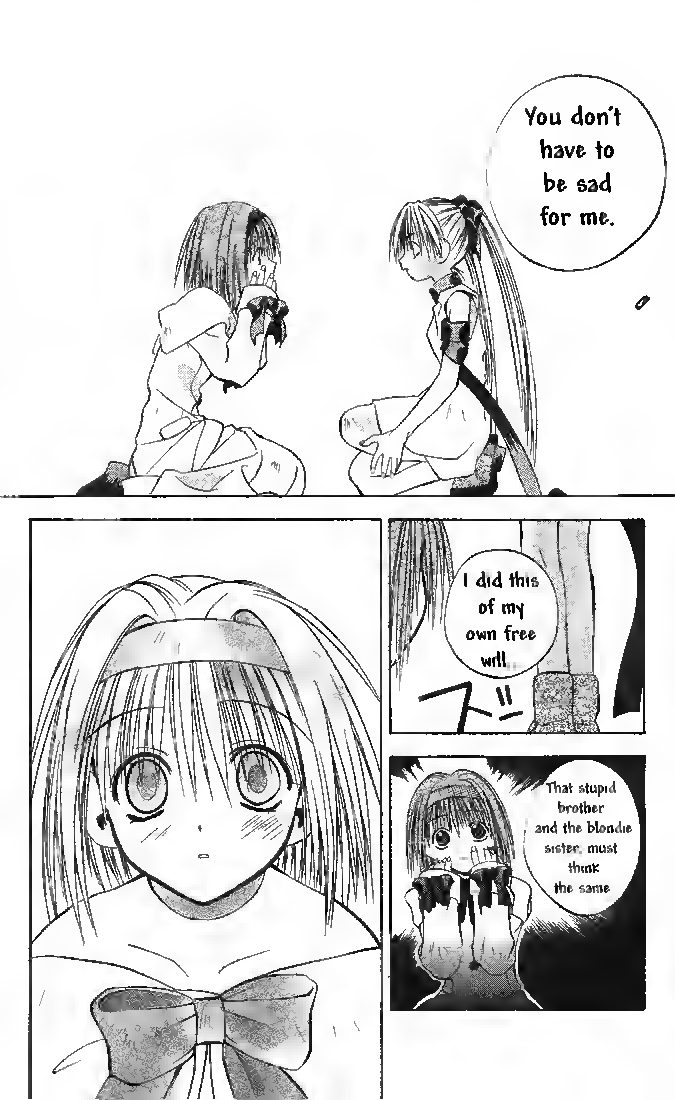
Damn!



!?



Ciel, forget it!
Forget it...
Don't listen to what Pai Ron is saying!
Listen to me!



You don't have to be sad for me.
I did this of my own free will
スー
That stupid brother and the blondie sister, must think the same

So you can also do whatever you want.
Hu...

Ne-chan, run!
Kei You...
!!

Quick!
The company...
The place that took care of me...

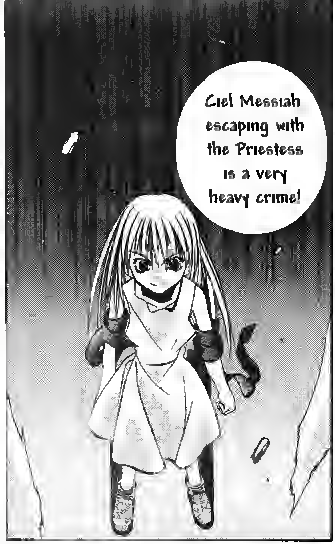
!!
Foolish kid
Hnn...
Wah yah!

ゴオ
Looks like we won't be able to escape together!

and you run away!
I'll block him here.
No, we'll go together!
I wanted to say this to you in the elevator. I want to be with you even after we leave this place,
everyone living together on the surface...
So...

Sorry!
I can't do that now.
But I will catch up with you,
so—.

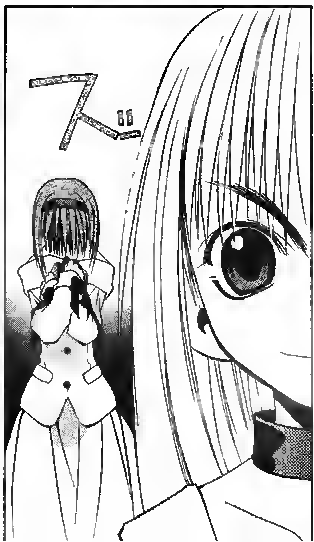
Don't be so sad.
For you!
I will take this back later.



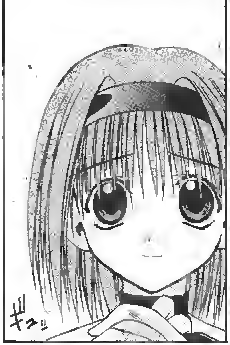
Ciel Messiah escaping with the Priestess is a very heavy crime!

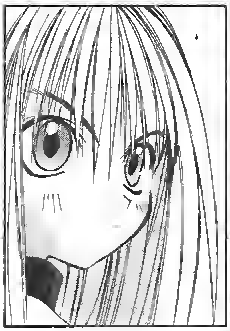
Too much talking!

I have no intention to play with you



Ciel...
Electric wall!
Uh? you...





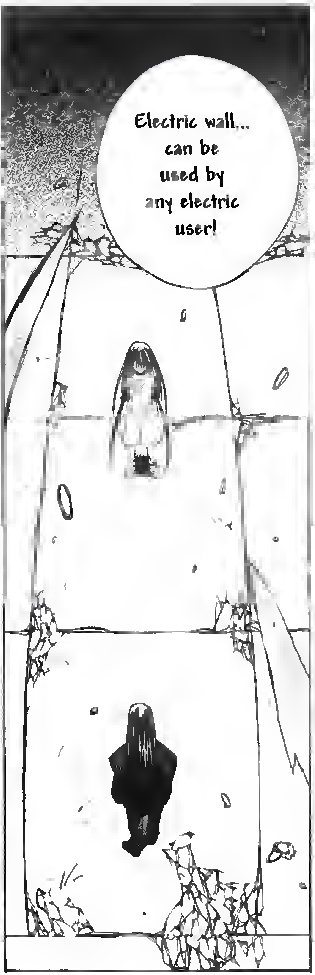
I'll wait
for you

This is the modified version. If anything touches its surface, all the energy will be focused on that spot
So I can use a weaker wall to cover a bigger area

十!!

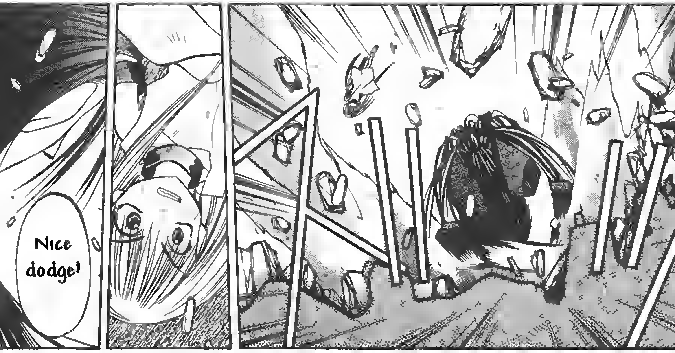
Haha... You really aren't a normal kid.

Since it's like this.



Electric wall... can be used by any electric user!

!?
Fast...
Then I'll make you disappear first!

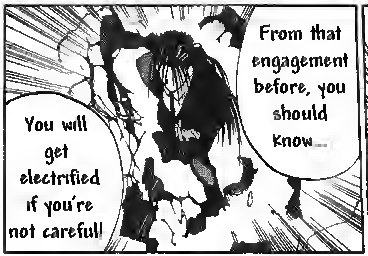


Nice dodge!

!
It's my turn!

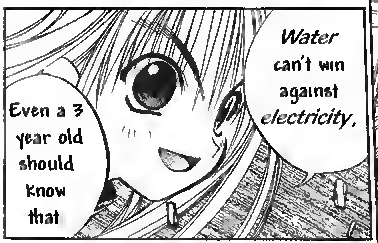
Raisenten!!!
uh...

……!!

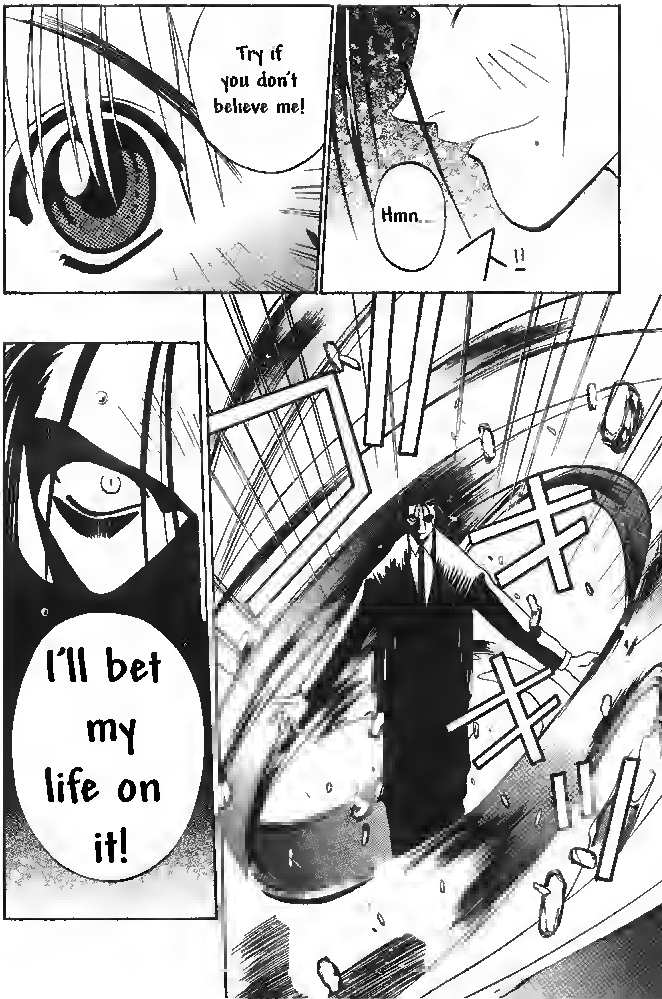


From that engagement before, you should know…
You will get electrified if you're not careful!

No matter how strong oji-san is, you still can't beat me!



Water can't win against *electricity*,
Even a 3 year old should know that



Try if you don't believe me!
Hmn...
I'll bet my life on it!

Stop blabbering...
I was prepared a long time ago!

Taste my... THUNDER BALL!!!

Haha.. how was it?

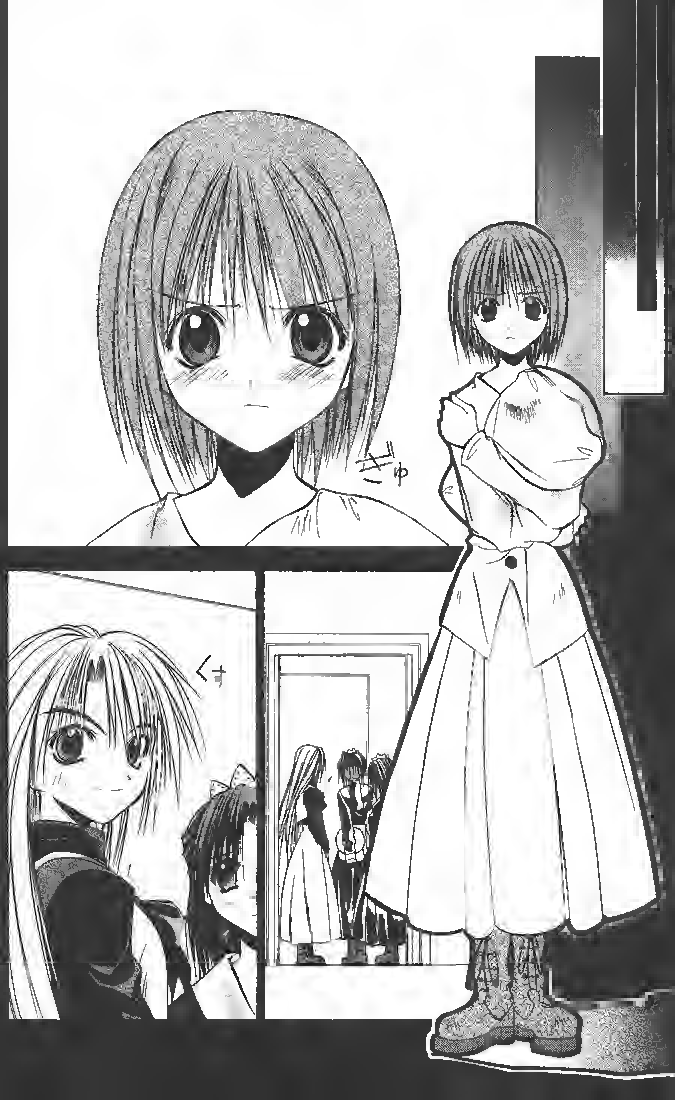
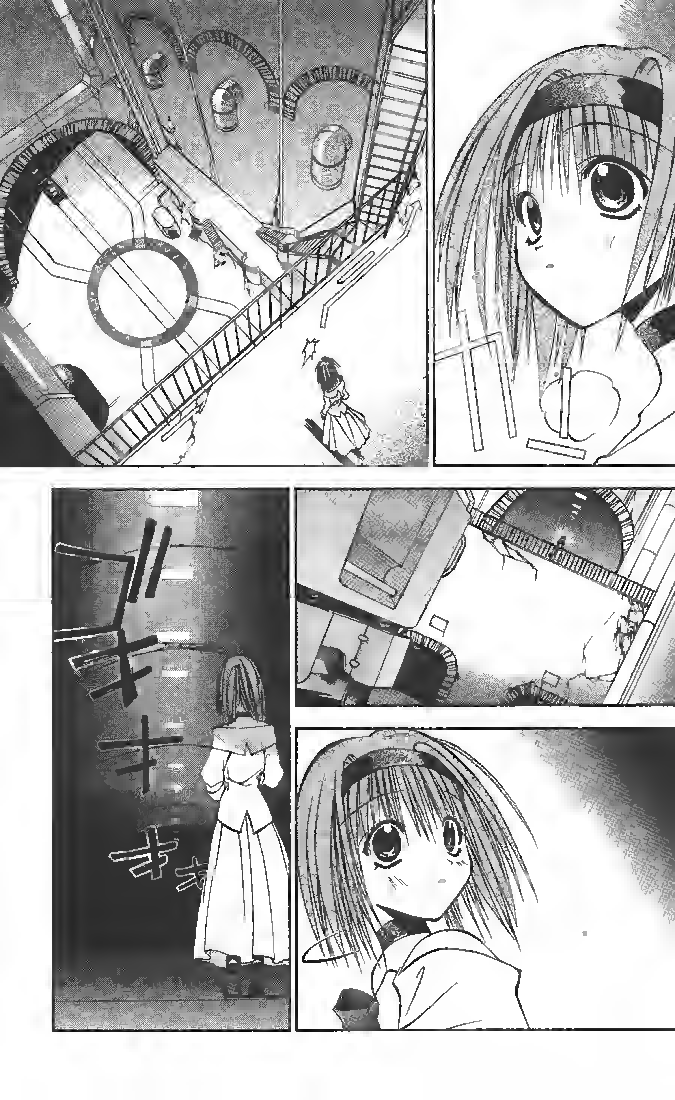
Ruri and Ciel 2

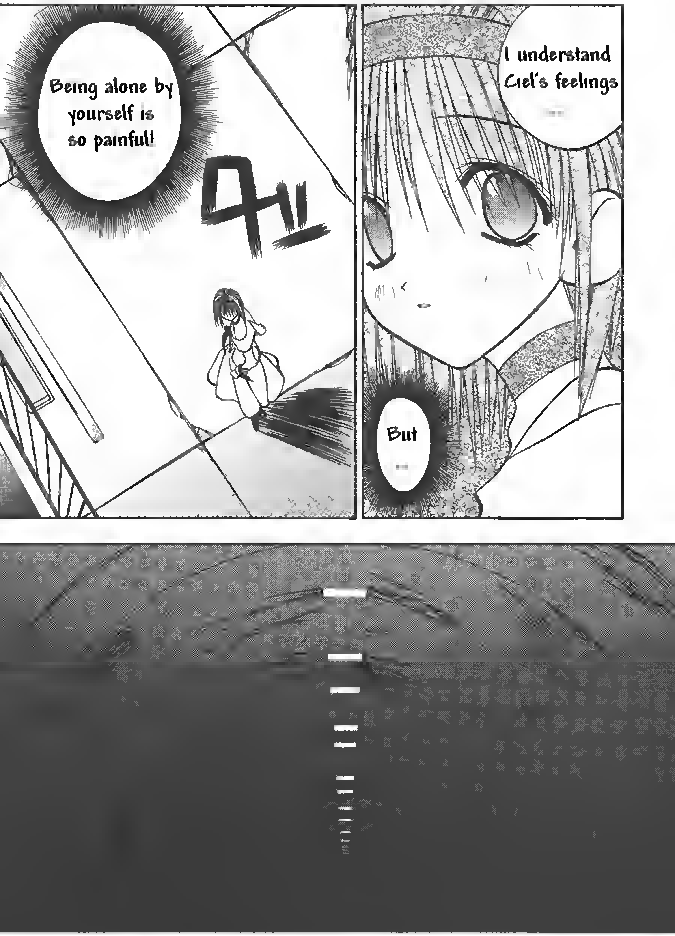


ぎゅ
くすっ

If you don't say anything, others won't know
Are you still mad?
Let me tell you..
!!
すっ

Two can share their sadness,
Really?
Yep ...
and enjoy double the happiness!





Being alone by yourself is so painful!
I understand Ciel's feelings
But

What
...

..!!
Why didn't you die?

!!!

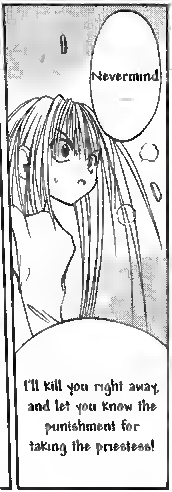
Owah hhh!
.....
Electric user can't do anything about the water user either?

Ah
Wahhh!

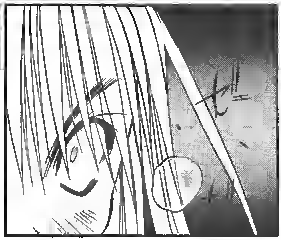
Electricity has no effect on him?
Why...
Uh
Wanna know?

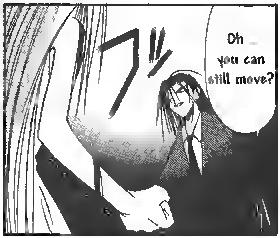
Because this is Pure Water.
With no particles, or any other materials, water that is close to 100 percent,
has a higher defense and has no insulation at all
Thats why my pure water could block your attack,
it's no use what you do now.

I promised sis...
きゅ..



Nevermind
I'll kill you right away, and let you know the punishment for taking the priestess!





Oh... you can still move?

That's too bad.
That I will meet up with her!

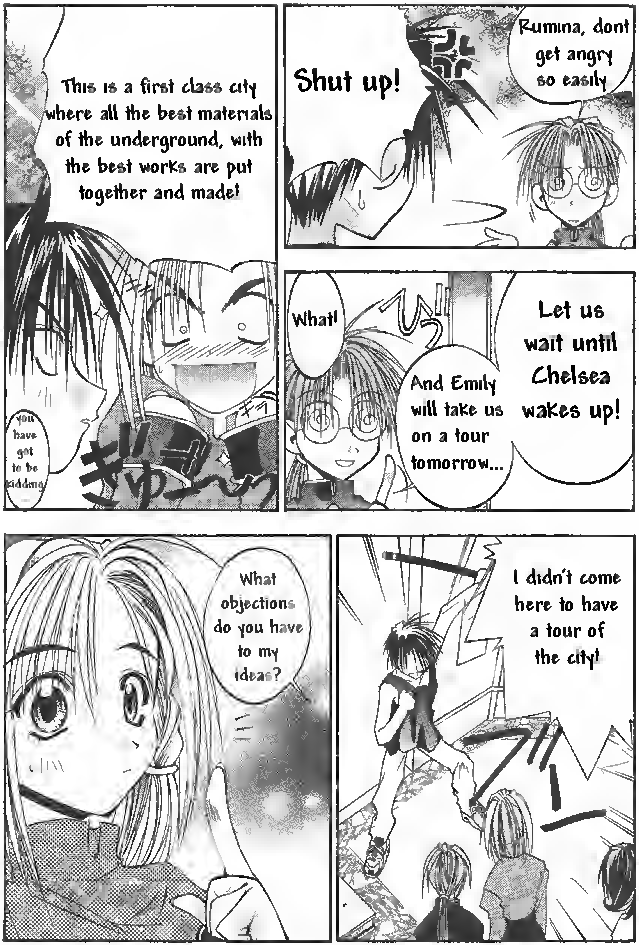
はぁ!

Oh!
It spilled ..
C'mon!
Hey!
Hey!
If you don't like the food here, then I'll eat it
I've been asking you where the company is for a while now!

Listen, the people from the company wants to use Ruri's power to get revenge on the surface people!
The food here is a 100% organic product very nutritious!
I didn't ask you that!
ふき ふき
Huh?
カサ..
So we must hurry...
ヒソヒソ

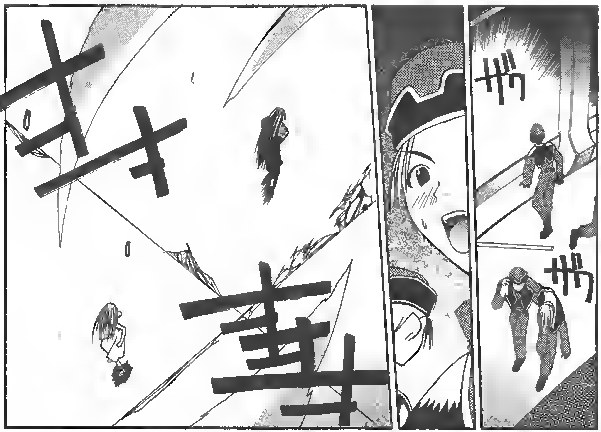
Don't say the Priestess's name directly!
and only the people who want to revolt against the Company want to attack us!
Don't be so naive, you surface person!
B... Blon... Blondie?
If you don't believe me then wake up Blondie and ask her!

I understand!
Who do you think you are!
She is my idol Rorec-sama, don't call her that!
I won't ask you anymore!
I'll destroy the Company myself!
Off the road is a underground maze, even people from the underground get lost and can't return...
...



This is a first class city where all the best materials of the underground, with the best works are put together and made!
キャーへっ
you have got to be kidding
Shut up!
Rumina, dont get angry so easily
What!
And Emily will take us on a tour tomorrow...
Let us wait until Chelsea wakes up!
What objections do you have to my ideas?
I didn't come here to have a tour of the city!

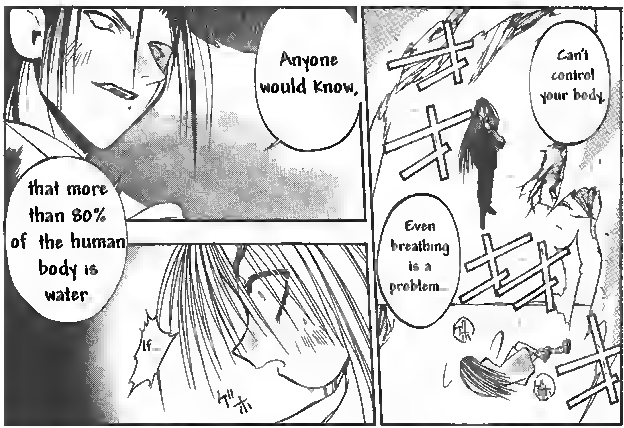
I trust the Company of course!
um...
Rumina, why don't you stick with this a bit longer...



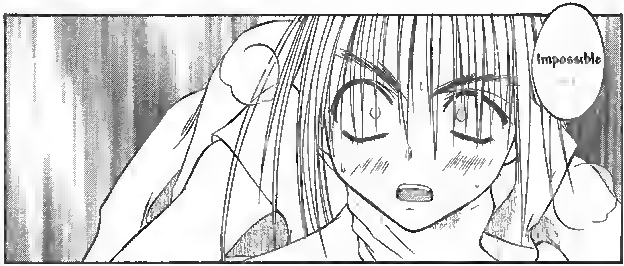
ザッ
ザッ

You really are something.

Using electric shocks to get through the protective field made by pure water?
It's...
It's hard for me to breath
But this will be the only time
You must be feeling that there is something wrong with your body by now!



Anyone would know,
that more than 80% of the human body is water
If...
Can't control your body
Even breathing is a problem...



Impossible

I control the water in your body, who knows what can happen!
to die of dehydration, or to die by having your body parts destroyed by water?
Please choose.
Ah...
But...
That surpasses the boundary for our powers...
But...

Where is the Priestess?
Tell me first...
Say it!
You should still have strength to talk.
Den
what?

Don't even think about it...
without Priestess sister, you won't be able to get your revenge!

So you are stupid enough to take the Priestess and run?
Heh! Looks like you heard...
But there is one thing that you don't know!
Haha... let me tell you,
we are now using the Priestess's power to get revenge,
to tell you the truth...

We didn't do this to accomplish the foolish wish that the underground people have,
and to waste the Priestess's power.
!?

Pai Ron?
What do you really...
